## NEED YOUR HELP!

### Colorado, USA

The bill gives motorists more freedom to safely pass a bicyclist by allowing them to cross the centerline in a no-passing zone when safe to do so. By allowing 3 feet passing distance, it creates a safer environment on the road.

### Washington, USA

3-Foot Passing (HB 1491/SB 5335): Thanks to earlier legislative efforts by the Bicycle Alliance, Washington state law (RCW 46.61.110) already requires cars to pass cyclists and pedestrians at a "safe distance." To assist in educating the public, we are seeking to define safe passing as a minimum of 3 feet. Both the Washington State Patrol and the Washington Association of Sheriffs and Police Chiefs support the bill as a driver education tool.

### Maryland, USA

SENATE BILL 428/HOUSE BILL 496. Requiring that a driver of a motor vehicle, when overtaking a bicycle, an Electric Personal Assistive Mobility Device (EPAMD), or a motor scooter, pass safely at a specified distance; requiring a driver of a motor vehicle to yield the right-of-way to a person who is riding a bicycle, an EPAMD, or a motor scooter in a bicycle lane; etc. This very important bill increases safety for bicyclist by requiring a driver of a vehicle to pass a bicyclist at a distance of 3 feet. Requires a driver to yield the right of way to a person who is riding a bicycle in a designated bicycle lane.

## Ohio, USA

When the operator of a vehicle or trackless trolley overtakes a bicycle or other slow vehicle, the operator shall pass at a distance of not less than three feet between the vehicle or trackless trolley and the bicycle or other slow vehicle.

\* looking for more info. email us to help.

## South Carolina, USA

An operator of a motor vehicle shall allow a safe operating distance between the motor vehicle and a bicycle when passing and overtaking a bicyclist.

This bill passed the House and became SB 0354.

Still no 3feet2pass law however.

## Vermont, USA

An operator of a motor vehicle that is passing a bicyclist proceeding in the same direction shall exercise due care by leaving a distance between the motor vehicle and the bicyclist of not less than three feet while the motor vehicle is passing the bicycle.

Additionally, the operator of a vehicle that passes a bicyclist proceeding in the same direction may not make a right turn at any intersection or into any highway or driveway unless the turn can be made with reasonable safety. Also S. 275.
